

PROFESSIONAL EXPERIENCE

AI Product Manager | Panomix & AEKO Intelligence

May 2024 – May 2026

- Built AI agents to automate competitive research and product workflows, multiplying output across multiple products
- AEKO – B2B SaaS AEO platform helping e-commerce brands optimize visibility across AI platforms
- Owned end-to-end product from concept to MVP launch as sole PM: defined vision, scoped features, built prototype, and led engineering and design
 - Designed visibility scoring and source attribution systems to quantify brand mentions across answer engines, turning prompt evaluation into prioritized features
 - Shipped MCP server integrations and launched aeko.shop, a citeable content surface optimized for AI answer engine citation
- NewsChat – Generative AI-powered chat product
- Scaled to 1M+ MAU in 5 months with +10% ad CTR and +250% session time; pioneered contextual ad integration driving 3.5x ARPU, later productized for new clients

Branding & Marketing Intern | Edelman

May 2023 – Jul 2023

- Supported execution of marketing campaigns for clients and drafted timely performance reports based on engagement metrics
- Participated in strategy development for new businesses through extensive market research and conducting competitor analysis

Council Development Intern | Gerson Lehrman Group (GLG)

May 2022 – Aug 2022

- Interviewed 20+ international industry experts daily across diverse sectors to assess project feasibility and surface actionable insights for consulting and corporate clients
- Synthesized expert input into research-backed deliverables in collaboration with cross-border teams, ensuring accuracy and client readiness under tight turnaround

Product Growth Intern | Tridge

Jun 2021 – Jul 2021

- Ran user research with regional Project Managers to surface insights shaping go-to-market positioning across international markets
- Structured product and client datasets to enable performance tracking and content prioritization
